

*Exploring the Coolest
Book on the Planet*

VACATION BIBLE SCHOOL

Prospect U.M. Church
5183 Vernon Rd.
Harrington, DE 19952

Beyond thrilling! Exciting to explore! Breathtakingly beautiful! Full of treasure! Words that describe the Arctic for sure, a fascinating region like no other in the world. But go back and read those words again-they can also be used to describe the coolest book on the planet-the Bible. Get ready for the thrill of exploring this one-of-a-kind treasure as we build on the following BIBLE acronym each day.

- B Book of Books-The first day, we'll discover there's just no book like it, unique in so many ways!
- I Incredible Impact-The second day, we'll explore the impact the Bible's teachings have had upon our world!
- B Bedrock Base-The third day, we'll see there's no shifting sand here-we've got the Rock of God's Word to base our lives on!
- L Letter of Love-The fourth day, we'll encounter the best love letter ever, written to us by God Himself!
- E Exciting to Explore-The fifth day, we'll be challenged to learn it, love it, live it!

All children ages 3 thru those who have completed 6th grade are welcome.
